

# Premium Frozen Yoghurt

With its creamy texture and perfectly balanced citrus after taste, this blend offers a refreshing taste without compromising the genuine yoghurt back taste. Its qualities make it the perfect base for creamy and sweet flavourings.

**How to prepare** Pour 3.5 litres of cool, clean drinking water into a food-grade mixing container. Add a 1.5kg bag of N721 into the water while mixing with a wire whisk for about 30 seconds or until all the sugar has dissolved. Allow to stand for 10 minutes. Just prior to putting into the soft serve machine to freeze, whisk vigorously again.

Product Code N71

### Original Dosage

1 satchel (1.8kg) + 4Lt Water

### Net Weight

Satchel 1.8Kg

Carton 7 x 1.8Kg (12.6Kg)

### Shelf Life

12 Months
